

## Online Courses for School District Employees

A Complete Training & Risk Management Solution for K-12 Schools

Using PreventionLink<sup>™</sup>, school administrators can cost-effectively and efficiently mitigate risk and losses while protecting their district's most valuable assets—students and faculty. PreventionLink<sup>™</sup> offers a comprehensive catalog of online courses for school district employees. Courses are designed to enhance knowledge and ensure safety in scholastic environments, covering a wide range of topics for principals, teachers, supervisors, librarians, custodians, food service employees, and school security personnel.

The Global Risk Innovations / TargetSafety Online Services Include:

### Features

- **Online training courses**  
Including pertinent topics such as Aerosol Transmissible Diseases (to prevent the spread of H1N1) and Bloodborne Pathogens as well as school specific environmental awareness, transportation, nutrition, security, health, and human resource programs
- **Curriculum assignment and tracking**  
From online and instructor-led training to the assignment and tracking of custom training courses
- **Automated policy distribution**  
Automating the distribution of policies and the collection of electronic employee signatures
- **Staff credential, certification, and license management**  
Centralizing credential information and notifying you, in advance, of an expiring credential or license

- **Inspection delivery and reporting**

Letting you document and track the status of all building, playground, and equipment inspections

### Benefits

- Reduction in the number of workplace claims and losses
- Streamlined delivery and tracking of critical compliance tasks
- Accurate and centralized record keeping
- Efficient use of personnel and resources
- Low-cost, fully outsourced solution
- Convenient and accessible 24/7
- Creation of a safe, healthy, and productive workforce
